Family Learning – After school craft

This course is for:

Families with children at St Margaret's or All Saints who would like to try fun craft activities with their child. We will also end each session with a story to listen to.

You will learn to:

Make a cereal box car with your child and have a race!

Make a peace dove decoration to hang up and a paper boat to float (or sink!) in water

Make a spider from of Knex and complete a Lego challenge!

Ice and decorate valentine's biscuits

You will be given the support you require for your individual development. Your tutor Fleur will give you feedback during the course, and you will be able to see your own progress.

Work outside of sessions:

Your tutor will give you some ideas/suggestions which you might like to try out at home with your child. Your tutor Fleur has lots of ideas for stories to share at home with your child which are available in our local library at Gamesley.

Additional costs and what to prepare:

The course is offered free of charge and there are no costs.

Progression from this course:

You may wish to progress to other Family Learning or adult education courses. Please feel free to discuss your next steps with your tutor Fleur.
